Dear Mr. Sinnock:

Clyde Trees was kind enough to send me the plaster model of the profile that you so kindly did of me.

Everyone that has seen it including all the members of my own family are delighted with the work. The likeness is remarkable and the whole composition extremely fine. We all feel that this should be the finished product and that no changes whatever are necessary.

I cannot find words to express my deep appreciation of your kindness in doing this for me. Mrs. Gates and the other members of my family join me in sending our sincere thanks.

Clyde tells me there is a possibility of seeing you at the end of this week. I hope that the party will materialize so that I can again thank you in person for your great kindness.

Sincerely yours,

Russell Gates.

My dear Mr. Sinnock:

The plaque which you made of me has earned many favorable comments upon its workmanship and the pains which you put into the making of it are evident in the finished result.

My family greatly enjoyed the plaque and I wish to tell you how much I appreciate your work and thank you again for it.

Very truly yours,

W R Voorhis

March 29, 1939.

My dear John,

I am at a loss to adequately express my appreciation to you who contributed so materially and so splendidly to my happiness on March 11.

Not only do I treasure the medallion which is so unusually well done in every respect, but your letter is also a joy to my heart.

For years I have been dreading the time when I would have to admit fifty years but now that I have sailed past that fateful day, I find it as bright and merry on this side as it was on the other.

I am most grateful to you and Ray and Clyde for your untiring effort in producing my handsome birthday book, and I am looking forward to telling you that on the 31st at which time we can also indulge in one of those mixed drinks to which you so happily referred.

Sincerely yours,

Mark
